

Project 2027 Action Plan — Emergency Repairs in 100 Days

Emergency roadmap for the first pro-democracy Congress after 2026.

America is already living with authoritarian practices: court orders ignored, masked agents detaining civilians without identification, civil servants forced into loyalty purges, and critics punished for speaking. If we treat that as normal politics, it calcifies. Project 2027 is the 100-day repair manual.

Core Promise: The Five Guarantees

- **Accountability** — The law applies to everyone, presidents included.
- **Fair Elections** — Every vote is counted and weighted equally.
- **Clean Money** — Dark money is exposed and foreign influence is blocked.
- **Ethical Courts** — Judges follow enforceable ethics and recusal rules.
- **Professional Government** — Public service depends on merit, not loyalty tests.

Priority Repairs — Pass in This Order

1. **Emergency Rule of Law Restoration Act** — Authorizes indictment of federal officials for criminal conduct, strips “official act” immunity for election crimes, tolls statutes of limitation while in office, and fast-tracks disputes to a three-judge panel for rapid Supreme Court review.
2. **DOJ & Civil Service Integrity Act** — Blocks Schedule F–style purges, enforces for-cause removal protections, limits White House case interference to AG/White House Counsel with public contact logs, publishes final OLC opinions, and protects independent special counsel budgets.
3. **Federal Officer Accountability & Due Process Act** — Requires visible identification and body cameras for federal personnel operating in civilian spaces, mandates recorded chain-of-command approvals, prohibits off-book detentions, and guarantees 24-hour probable-cause hearings with automatic inspector review when force is used.
4. **Free Speech & Anti-Retaliation Act** — Bars federal retaliation against lawful speech, shields journalists and academic institutions, codifies a reporter’s privilege with narrow security exceptions, and creates expedited relief for civil servants, contractors, and grantees targeted for their viewpoints.
5. **Democracy Defense & Fair Representation Act** — Establishes national anti-gerrymandering standards, limits congressional remaps to once per decade absent court order, funds compliant independent commissions, requires open data and citizen map portals, and gives voters fast-track standing in federal court.
6. **Secure Elections & Voter Access Act** — Mandates voter-verifiable paper ballots, risk-limiting audits, minimum early-voting days, accessible vote-by-mail with tracking and cure options, and funds cybersecurity, staffing, and equipment upgrades.
7. **Clean Money & Ethics Enforcement Act** — Modernizes the FEC with a nonpartisan tiebreaker, forces real-time donor/beneficial-owner disclosure, bans foreign-influenced corporate spending,

strengthens anti-straw-donor enforcement, and adds meaningful Hatch Act and emoluments penalties.

Supporting Oversight & Administrative Actions

- Launch hearings in weeks 1–2 on presidential immunity claims, politicized prosecutions, unauthorized deployments, and dark-money networks.
- Rehire purged inspectors general, fill vacancies with vetted nominees, and publish dashboards tracking open recommendations.
- Stand up cross-agency task forces on election security, civil-service retaliation, and ethics enforcement to coordinate implementation.

Long-Horizon Commitments

- Pursue constitutional amendments clarifying no officer is above criminal law and restoring reasonable campaign-spending limits.
- Study 18-year Supreme Court term limits, enforceable ethics oversight, and balanced expansion options.
- Build a Civics & Civic Tech Fund to strengthen democratic literacy and resilient information ecosystems after immediate repairs are in place.

Campaign Usage

- Lead with the Five Guarantees and the first three repairs in every stump speech.
- Demand opponents answer “yes or no” on each guarantee; publish responses.
- Localize the wins: safer streets, honest elections, whistleblowers protected, and courts people can trust.
- Display the Project 2027 badge wherever your campaign appears.
